Subject: Request for financial support for developing final year project

Respected Sir,

It is submitted that undersigned students are the members of the final year project: Real time object track history management using GPS that requires some financial support in order to successfully complete and test the project (objectives and description of the project is given on the first page).

It is therefore requested that the financial support may kindly be granted so that we can complete the project in time. Estimated cost of the tools required for the project are given below:

GPS Sensing System:	8000/-PKR
Arduino Board:	6000/-PKR
GSM Modem:	4500/-PKR
<u>Total:18500/- PKR</u>
