Conditions of Contract

Clause – 1: Commencement & Completion Dates of supply

The Supplier shall not enter upon or commence any portion or supply except with the written authority and instructions of The Procuring Agency-in-charge/Project Director/Executive Engineer or of in subordinate-in-charge of the supply. Failing such authority the Supplier shall have no claim to ask for measurements of or payment for supply.

The Supplier shall proceed with the supplies with due expedition and without delay and complete the supplies in the time allowed for carrying out the supply as entered in the tender shall be strictly observed by the Supplier and shall be reckoned from the date on which the order to commence supply is given to the Supplier. And further to ensure good progress during the execution of the work, Supplier shall be bound, in all in which the time allowed for completion of any supply exceeds one month, to achieve progress on the prorated basis.

Clause – 2: Liquidated Damages

The Supplier shall pay liquidated damages to the Procuring Agency at the rate per day stated in the bidding data for each day that the completion date is later than the Intended completion date; the amount of liquidated damage paid by the Supplier to the Procuring Agency shall not exceed 10% of the contract price. Procuring Agency may deduct liquidated damages from payments due to the Supplier. Payment of liquidated damages does not affect the Supplier's liabilities.

Clause – 3: Termination of the Contract

(A) Procuring Agency/Project Director may terminate the contract if either of the following conditions exists:-

- (i) Supplier causes a breach of any clause of the Contract;
- (ii) The progress of any particular portion of the supply is unsatisfactory and notice of 10 days has expired;
- (iii) In the case of abandonment of the supply owing to the serious illness or death of the Supplier or any other cause.
- (iv) Supplier can also request for termination of contract if a payment certified by The Procuring Agency is not paid to the Supplier within 45 days of the date of the submission of the bill;

(B) The Procuring Agency has power to adopt any of the following courses as may deem fit:-

- (i) To forfeit the security deposit available except conditions mentioned at a (iii) and (iv) above;
- (ii) To finalize the supply as per the adopted procedure.

(C) In the event of any of the above courses being adopted by the Project Director/Executive Engineer/Procuring Agency, the Supplier shall have:-

- (i) No claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials, or entered into any engagements, or made any advances on account of, or with a view to the execution of the supply or the performance of the contract,
- (ii) However, the Supplier can claim in writing regarding the performance of such supply and has not been paid.
Procuring Agency/Engineer may invite fresh bids for remaining supply.

Clause 4: JOINT VENTURE (FORM A-5)

The Supplier can form a Joint Venture (JV) to strengthen their technical & financial capabilities. In case of JV all information regarding both partners shall be given in relevant forms. JV agreement should be attached for information. Marking for Joint Venture Firms will be Cumulative.

Joint Venture must comply with the following minimum requirements: -

- a. The lead partner shall meet not less than 50 percent of all qualifying criteria given in Para's 3.1 and 3.7 heretofore.
- b. Each of the partners shall meet not less than 25 percent of all the qualifying criteria given in Para's 3.1 and 3.7 heretofore.
- c. The joint venture must collectively satisfy the criteria of Para's 3, 4 and 5, for which purpose the relevant figures for each of the partners shall be added together to arrive at the JV's total capacity. Individual members must satisfy each of the requirements of Para's 3.5 and 3.6 heretofore.
- d. Any change in a JV after qualification shall not be allowed.
- e. Already qualified firm or partner of any JV, cannot form JV with any other firm.
- f. Bid shall be signed by all members in the JV so as to legally bind all partners, jointly and severally, and any bid shall be submitted with a copy of the JV agreement duly incorporating the joint and several liabilities with respect to the contract.
- g. The prequalification of a JV does not necessarily prequalify any of its partners individually or as a partner in any other JV or association.

Clause 5: Possession of the site and claims for compensation for delay

The Procuring Agency shall give possession of all parts of the site to the **Supplier**. If possession of site is not given by the date stated in the contract data, no compensation shall be allowed for any delay caused in starting of the supply on account of any acquisition of land, water standing in borrow pits/ compartments or in according sanction to estimates. In such case, either date of commencement will be changed or period of completion is to be extended accordingly.

Clause –5: Extension of Intended Completion Date

The Procuring Agency either at its own initiatives before the date of completion or on desire of the Supplier may extend the intended completion date, if an event (which hinders the execution of contract) occurs or a variation order is issued which makes it impossible to complete the supply by the intended completion date for such period as he may think necessary or proper. The decision of the Executive Engineer in this matter shall be final; where time has been extended under this or any other clause of this agreement, the date for completion of the supply shall be the date fixed by the order giving the extension or by the aggregate of all such orders, made under this agreement.

When time has been extended as aforesaid, it shall continue to be the essence of the contract and all clauses of the contract shall continue to be operative during the extended period.

Clause –6: Specifications

The Supplier shall execute the whole and every part of the supply in the most substantial and supply-man-like manner and both as regards materials and all other matters in strict accordance with the specifications lodged in the office of the Executive Engineer and initialed by the parties, the said specification being a part of the contract. The Supplier shall also confirm exactly, fully and faithfully to the designs, drawing, and instructions in writing relating to the supply signed by The Procuring Agency-in-charge and lodge in his office and to which the Supplier shall be entitled to have access at such office or on the site of supply for the purpose of inspection during office hours and the Supplier shall, if he so requires, be entitled at his own expense to make or cause to be made copies of the specifications, and of all such designs, drawings, and instructions as aforesaid.

Clause –7: Payments

- (A) **Interim/Running Bill.** Interim Payment will be released as recommended by the concerned officer after inspection in terms of material delivery.
- (B) **The Final Bill.** A bill shall be submitted by the Supplier within ten days of the date fixed for the completion of the supply otherwise Engineer-in-charge's certificate of the measurements and of the total amount payable for the supplies shall be final and binding on all parties.

Clause – 8: Reduced Rates

In cases where the items of supply are not accepted as so completed, The Procuring Agency-in-charge may make payment on account of such items at such reduced rates as he may consider reasonable in the preparation of final or on running account bills with reasons recorded in writing.

Clause – 9: Issuance of Variation and Repeat Orders

- (A) Procuring Agency may issue a Variation Order for procurement of supplies, physical services from the original Supplier to cover any increase or decrease in quantities, including the introduction of new supply items that are either due to change of plans, design or alignment to suit actual field conditions, within the general scope and physical boundaries of the contract.
- (B) Supplier shall not perform a variation until the Procuring Agency has authorized the variation in writing subject to the limit not exceeding the contract cost by of 15% on the same conditions in all respects on which he agreed to do them in the supply, and at the same rates, as are specified in the tender for the main supply. The Supplier has no right to claim for compensation by reason of alterations or curtailment of the supply.
- (C) In case the nature of the supply in the variation does not correspond with items in the Bill of Quantities, the quotation by the Supplier is to be in the form of new rates for the relevant items of supply, and if The Procuring Agency-in-charge is satisfied that the rate quoted is within the rate supplied out by him on detailed rate analysis, and then only he shall allow him that rate after approval from higher authority.
- (D) The time for the completion of the supply shall be extended in the proportion that the additional supply bear to the original contract supply.
- (D) In case of quantities of supply executed result the Initial Contract Price to be exceeded by more than 15%, and then Engineer can adjust the rates for those quantities causing excess the cost of contract beyond 15% after approval of

Superintending Engineer/Authority.

- (F) **Repeat Order:** Any cumulative variation, beyond the 15% of initial contract amount, shall be subject of another contract to be tendered out if the supplies are separable from the original contract.

Clause-10: Quality Control.

- (A) **Identifying Defects:** If at any time before the security deposit is refunded to the Supplier/during defect liability period mentioned in bid data, The Procuring Agency-in-charge or his subordinate-in-charge of the supply may instruct the Supplier to uncover and test any part of the supplies which he considers may have a defect due to use of unsound materials or unskillful supplymanship and the Supplier has to carry out a test at his own cost irrespective of supply already approved or paid.
- (B) **Correction of Defects:** The Supplier shall be bound forthwith to rectify or remove and reconstruct the supply so specified in whole or in part, as the case may require. The Supplier shall correct the notified defect within the Defects Correction Period mentioned in notice.
- (C) **Uncorrected Defects:**
- (i) In the case of any such failure, the Engineer-in-charge shall give the Supplier at least 14 days notice of his intention to use a third party to correct a defect. He may rectify or remove, and re-execute the supply or remove and replace the materials or articles complained of as the case may be at the risk and expense in all respects of the Supplier.
 - (ii) If The Procuring Agency considers that rectification/correction of a defect is not essential and it may be accepted or made use of; it shall be within his discretion to accept the same at such reduced rates as he may fix therefore.

Clause – 11: Inspection

- (A) **Inspection of Operations.** The Engineer and his subordinates, shall at all reasonable times have access to the site for supervision and inspection of supplies under or in course of execution in pursuance of the contract and the Supplier shall afford every facility for and every assistance in obtaining the right to such access.
- (B) **Dates for Inspection and Testing.** The Procuring Agency shall give the Supplier reasonable notice of the intention of The Procuring Agency-in-charge or his subordinate to visit the supply shall have been given to the Supplier, then he either himself be present to receive orders and instructions, or have a responsible agent

duly accredited in writing present for that purpose, orders given to the Supplier's duly authorized agent shall be considered to have the same force and effect as if they had been given to the Supplier himself.

Clause – 12: Examination of supply before covering up

- (A) No part of the supplies shall be covered up or put out of view/beyond the reach without giving notice of not less than five days to The Procuring Agency whenever any such part of the supplies or foundations is or are ready or about to be ready for examination and The Procuring Agency shall, without delay, unless he considers it unnecessary and advises the Supplier accordingly, attend for the purpose of examining and measuring such part of the supplies or of examining such foundations;
- (B) If any supply is covered up or placed beyond the reach of measurement without such notice having been given, the same shall be uncovered at the Supplier's expense, and in default thereof no payment or allowance shall be made for such supply, or for the materials with which the same was executed.

Clause – 13: Risks Management

The Supplier shall be responsible for all risks of **loss of or damage to physical property or facilities or related services at the premises and of personal injury and death which arise during and in consequence of its performance of the contract**. If any damage is caused while the supply is in progress or become apparent within **three months** of the grant of the certificate of completion, final or otherwise, the Supplier shall make good the same at his own expense, or in default The Procuring Agency may cause the same to be made good by other suppliers, and deduct the expenses from retention money lying with The Procuring Agency.

Clause-14: Measures for prevention of fire and safety measures

The Supplier shall not set fire to any standing jungle, trees, bush-wood or grass without a written permit from the Executive Engineer. When such permit is given, and also in all cases when destroying, cutting or uprooting trees, bush-wood, grass, etc by fire, the Supplier shall take necessary measures to prevent such fire spreading to or otherwise damaging surrounding property. The Supplier is responsible for the safety of all its activities including protection of the environment on and off the site. Compensation of all damage done intentionally or unintentionally on or off the site by the Supplier's labor shall be paid by him.

Clause – 15: Disputes

All disputes arising in connection with the present contract, and which cannot be amicably settled between the parties, the decision of the Superintending Engineer of the circle/officer/one grade higher to awarding authority shall be final, conclusive and binding on all parties to the contract upon all questions relating to the meaning of the specifications, designs drawings, and instructions, hereinbefore mentioned and as to the quality of supply Manship, or materials used on the supply or as to any other questions, claim, right, matter, or thing whatsoever in any way arising out of, or relating to the contract design, drawings, specifications, estimates, instructions, orders or these conditions or otherwise concerning the supplies, or the execution, of failure to execute the same, whether arising, during the progress of the supply, or after the completion or abandonment thereof.

Clause –16: Site Clearance if Satisfactory approved by Engineer.

Clause –17: Financial Assistance /Advance Payment
